MBL = Minimum Breaking Load

- The standard finish of our sockets is blue. Hot dipped galvanized is also available.
- All sockets are provided with an EN 10204-2.1 declaration of conformity, EN 10204-3.1 material certificate and can be provided with a 2006/42/EC declaration where applicable.
- Dimensional tolerances depend on the manufacturing techniques applied and are different between machined components (pins) and cast components (socket bodies and wedges).
- Also surface finish e.g. hot dip galvanizing or even paint may add to the overall thickness and fork distance.
- Please contact Ropeblock for further guidance and a detailed dimensional tolerance sheet.
